York, NY 10017 USA

Dear Mr. Secretary-General,

I am pleased to confirm that *Maphlix Trust Ghana Limited* supports the Ten Principles of the United Nations Global Compact on human rights, labour, environment and anti-corruption. With this communication, we express our intent to implement those principles. We are committed to making the UN Global Compact and its principles part of the strategy, culture and day-to-day operations of our company, and to engaging in collaborative projects which advance the broader development goals of the United Nations, particularly the Sustainable Development Goals. *Maphlix Trust Ghana Limited* will make a clear statement of this commitment to our stakeholders and the general public.

We recognize that a key requirement for participation in the UN Global Compact is the annual submission of a Communication on Progress (COP) that describes our company's efforts to implement the Ten Principles. We support public accountability and transparency, and therefore commit to report on progress within *one year* of joining the UN Global Compact, and *annually* thereafter according to the UN Global Compact COP policy. This includes;

Environment: The use of environmental friendly fertilizers and pesticides is used on our farms.

Labour: The use of machinery to perform most of our farming activities and making sure that children are not used as labourers to do farm work. Employee welfares are highly considered.

Human rights: We respect and protect the rights of all our work employees by not discriminating and not imposing forced labor and compulsory labor on them.

I further write to express my interest in the compact and renewing of the ongoing commitment to the UN Global initiative and its principles.

Sincerely Yours,

Mr. Felix Kamassah
