Dear Mr. Secretary General,

I am pleased to confirm that Women & Modesty Global Initiative supports the ten principles of the UN Global Compact with respect to human rights, labor, environment and anti-corruption to stimulate eco-cultural travel, trade and tourism locally and globally (Tourism4DDGs.org) pursuant to the Sendai Framework for Disaster Risk Reduction model.

With this commitment, we express our intent to support the Global Compact advancing these principles, and will make a clear statement of this commitment by inviting at least 10 other organizations to join or start a Local Network to build safe, resilient and prosperous communities and cities (SDG #11) by localizing the Sustainable Development Goals to proactively impact our human, spiritual and ecological well-being pursuant to the SDG Pyramid (SDGpyramid.org)

We recognize that a key requirement for participation in the Global Compact is the submission of a Communication on Engagement (COE) that describes our organization's efforts to support the implementation of the ten principles and to engage with the Global Compact by encouraging at least 10 other organizations to join.

We support public accountability and transparency, and therefore commit to report on progress within two years of joining the Global Compact and every two years thereafter according to the Global Compact COE policy.

Sincerely yours,

Princess Temitope Aladegoroye
Executive Director
