Dear Mr. Secretary General,

I am pleased to confirm that The Caring Hands foundation supports the ten principles of the UN Global Compact with respect to human rights, labor, environment and anti-corruption. With this commitment, we express our intent to support the Global Compact advancing these principles, and will make a clear statement of this commitment to our stakeholders and the general public. Our members of Governing body are member of Peace committee of Delhi Minority Commission under the govt of NCT of Delhi. Also we are enrolled under Nehru Yuva Kendra , Ministry of Sports and youth affairs (Government of India).

We also pledge to participate in and engage with the UN Global Compact in the following way(s):
We are Working on grassroot level in the sector of Education, environment and Local Governance. We are less than a year old NGO facing challenges like Funding, Volunteers and Friction from Anti-social elements but we are going Strong about it. We know that amidst number of challenges, there is something big that is happening and we desperately wants to be a part of it. Providing Primary Education to children living in Slum areas and spreading environmental awareness to common citizen are our short term focus.

We recognize that a key requirement for participation in the Global Compact is the submission of a Communication on Engagement (COE) that describes our organization's efforts to support the implementation of the ten principles and to engage with the Global Compact. We support public accountability and transparency, and therefore commit to report on progress within *two years* of joining the Global Compact and *every two years* thereafter according to the Global Compact COE policy.

Sincerely yours,

Pankaj Kumar
