Dear Mr. Secretary-General,

I am pleased to confirm that Charter NEX Films, Inc. supports the Ten Principles of the United Nations Global Compact on human rights, labor, environment and anti-corruption. With this communication, we express our intent to advance those principles where we are able. We are committed to making the UN Global Compact and its principles part of the strategy and culture of our company, and to engaging in collaborative projects which advance the broader development goals of the United Nations, particularly the Sustainable Development Goals.

We recognize that a key requirement for participation in the UN Global Compact is the annual submission of a Communication on Progress (COP) that describes our company's efforts to implement the Ten Principles. We support accountability and transparency, and therefore commit to report on progress within one year of joining the UN Global Compact, and annually thereafter according to the UN Global Compact COP policy.

It is our understanding that the UN Global Compact reflects shared values and principles between the United Nations and certain businesses, but that it is not a grading or enforcement mechanism, nor does it involve the transfer of profit or technology. Charter NEX Films' participation in the UN Global Compact does not limit our freedom as permitted by law to oppose public or private sector activities which we do not believe are in the best interests of our company.

Sincerely yours,
