

BIID/UNGC-01/11

April 15, 2011

H.E. Ban Ki-moon

Secretary General
United Nations
New York, NY 10017
USA

Dear Mr. Secretary General,

I am pleased to confirm that Bangladesh Institute of ICT in Development (BIID) engaged in supporting citizens' access to information and advice using information and communication technologies. BIID supports the ten principles of the Global Compact with respect to labour, environment, anti-corruption and human rights.

With this communication, we express our intent to advance those principles within our sphere of influence. We are committed to contribute towards achieving Millennium Development Goals through integration of principles of Global Compact in BIID's strategy and implementation plans.

We recognize that a key requirement for participation in Global Compact is the annual submission of a Communication on Progress (CoP) that describes our efforts to implement the ten principles. We support public accountability and transparency, and therefore commit to report on progress with one year of joining Global Compact, and annually thereafter according to the Global Compact COP policy.

Most sincerely yours,

Md Shahid Uddin Akbar
Chief Executive Officer
