## UN Global Compact – Trossa ABs Letter of Commitment

I am pleased to confirm that Trossa AB, a sustainability consultancy based in Stockholm, supports the UN Global Compact and its ten principles as well as the UN Sustainable Development Goals. Trossa will make a clear statement of this commitment to our stakeholders and the general public.

Trossa is committed to making the Global Compact and its principles part of our strategy, culture and day-to day operations of our company; and we support our clients to achieve the same.

Trossa is committed to report on progress (COP) within one year of joining the Global Compact, and annually thereafter according to the COP policy. Our statement will at a minimum include:

- A statement signed by me expressing continued support for the Global Compact.
- A description of practical actions that Trossa has taken or plans to undertake to implement the Global Compact principles.
- A description to which degree our targets were met and the Global Compact principles were followed.

Sincerely yours,

Mia Barkland  
CEO Trossa AB
