Dear Mr. Secretary-General,
I am pleased to confirm that

Herbrand Non-Public Health Care Centre Interschool Department of Rehabilitation and Correction - Clinic for Children with Autism and Asperger's Syndrome

Herbrand NZOZ Międzyszkolny Zakład Rehabilitacji i Korekcji Wad Postawy - Poradnia dla osób z autyzmem dziecięcym dla dzieci

supports the Ten Principles of the United Nations Global Compact Initiative on human rights, labour, environment and anti-corruption.

With this communication, we express our intent to implement those principles.

Our Clinic works in the frame of project *Specialist Educational and Therapeutic Center for Students with Autism and Asperger Syndrome and the Spectrum of Autism*.

We are committed to making the UN Global Compact and its principles part of the strategy, culture and day-to-day operations of our company, and to engaging in collaborative projects which advance the broader development goals of the United Nations, particularly the Sustainable Development Goals.

Herbrand will make a clear statement of this commitment to our stakeholders and the general public.

We recognize that a key requirement for participation in the United Nations Global Compact is the annual submission of a Communication on Progress (COP) that describes our company's efforts to implement the Ten Principles. We support public accountability and transparency, and therefore commit to report on progress within one year of joining the United Nations Global Compact, and annually thereafter according to the United Nations Global Compact COP policy.

This includes:

- A statement signed by the chief executive expressing continued support for the UN Global Compact and renewing our ongoing commitment to the initiative and its principles. This is separate from our initial letter of commitment to join the UN Global Compact.
- A description of practical actions (i.e., disclosure of any relevant policies, procedures, activities) that the company has taken (or plans to undertake) to implement the UN Global Compact principles in each of the four issue areas (human rights, labour, environment, anti-corruption).
- A measurement of outcomes (i.e., the degree to which targets/performance indicators were met, or other qualitative or quantitative measurements of results).

Sincerely yours,

Jacek Stasiak
CEO
