Dear Mr. Secretary-General,

I am pleased to confirm that Trillia Networks Pte. Ltd. supports the Ten Principles of the United Nations Global Compact on human rights, labour, environment and anti-corruption. With this communication, we express our intent to implement those principles. We are committed to making the UN Global Compact and its principles part of the strategy, culture and day-to-day operations of our company, and engaging in collaborative partnerships and projects which advance the broader development goal of the United Nations, particularly the Sustainable Development Goals. Trillia Networks Pte. Ltd. will make a clear statement of this commitment to our stakeholders and the general public.

We recognise that a key requirement for participation in the UN Global Compact is the annual submission of a Communication on Progress (COP) that describes our company's efforts to implement the Ten Principles. We support public accountability and transparency, and therefore commit to report on progress within one year of joining the UN Global Compact, and annually thereafter according to the UN Global Compact COP policy. This includes:

- A statement signed by the chief executive expressing continued support for the UN Global Compact and renewing our ongoing commitment to the initiative and its principles. This statement is separate from our initial letter of commitment to join the UN Global Compact.
- A description of practical actions that the company has taken or plans to undertake to implement the UN Global Compact principles in each of the four issue areas (human rights, labour, environment, anti-corruption).
- A measurement of outcomes.

Sincerely yours,

Dinuke Ranasinghe
CEO
