Dear Mr. Secretary General,

I am pleased to confirm that Legs4Africa supports the ten principles of the UN Global Compact with respect to human rights, labour, environment and anti-corruption. With this commitment, we express our intent to support the Global Compact advancing these principles, and will make a clear statement of this commitment to our stakeholders and the general public.

We also pledge to participate in and engage with the UN Global Compact in the following way(s):

- Joining Webinars and engaging with UNGC resources and events to help us ensure sustainability in our supply chains;
- Implementing the Six Steps to Eliminating Corruption in our organisation's policies and procedures
- Developing a Human Rights Policy for the year 2021;
- Endorsing the Women's Empowerment Principles;
- Promoting the UN Global Compact in our publications and social media and displaying our membership on our website;
- Seeking partnerships through the UN Global Compact Local Network Partnership Process to connect with other local organisations around the issue of environmental sustainability.

We recognize that a key requirement for participation in the Global Compact is the submission of a Communication on Engagement (COE) that describes our organization's efforts to support the implementation of the ten principles and to engage with the Global Compact. We support public accountability and transparency, and therefore commit to report on progress within two years of joining the Global Compact and every two years thereafter according to the Global Compact COE policy

Sincerely

Phil Tunstall, Director
