Dear Mr. Secretary General,

I am pleased to confirm that GALLANT FOUNDATION supports the ten principles of the UN Global Compact with respect to human rights, labor, environment and anti-corruption. With this commitment, we express our intent to support the Global Compact advancing these principles and will make a clear statement of this commitment to our stakeholders and the general public.

We also pledge to participate in and engage with the UN Global Compact in the following ways:

1. We are already in **Solar energy domain** & have completed good number of projects.
2. Apart from Solar energy we are also in **Electric Vehicles** under the brand (GALLANT **ELECTRIC VEHICLES**) & helping to reduce the carbon & noxious emissions from vehicle. Contributing to save fossil fuel for other usages.
3. We are also associated with **Delhi Police** for conducting sessions on **GENDER SENSITISATION** in govt schools of Delhi. <https://www.unglobalcompact.org/participation/join/who-should-join/non-business> for suggested engagement options according to your organization type].

We recognize that a key requirement for participation in the Global Compact is the submission of a Communication on Engagement (COE) that describes our organization's efforts to support the implementation of the ten principles and to engage with the Global Compact. We support public accountability and transparency, and therefore commit to report on progress within two years of joining the Global Compact and every two years thereafter according to the Global Compact COE policy.

Sincerely Your

Atul Gaur

Director
