Dear Mr. Secretary General,

I am pleased to confirm that The Institute of Chartered Financial Analysts of India, Sikkim, supports the ten principles of the UN Global Compact with respect to human rights, labor, environment and anti-corruption. With this commitment, we express our intent to support the Global Compact advancing these principles, and will make a clear statement of this commitment to our stakeholders and the general public.

We also pledge to participate in and engage with the UN Global Compact in the following ways:

We propose to join the Principles for Responsible Management Education (PRME) for promoting sustainable development and spreading awareness via education for the same. Further, the ICFAI University, Sikkim has established an Academic Chair, “The Pranab Mukherjee Chair for Sustainable Development, Research, Skill Development and Education”, the aim of this chair is to promote education and research based on sustainable development which is the need of the hour. Our institution would be glad and honored to promote the UN Global Compact Ten Principles: this will be achieved by including a separate subject in the curriculum of our University solely for the purpose of spreading awareness regarding the UN Global Compact Ten Principles. We propose to educate various audiences nationally regarding sustainable development. We will lend our support in whatever way possible.

We recognize that a key requirement for participation in the Global compact is the submission of a Communication on Engagement (COE) that describes our organization’s efforts to support the implementation of the ten principles and to engage with the Global Compact. We support public accountability and transparency, and therefore commit to report on progress within *two years* of

joining the Global Compact and *every two years* thereafter according to the Global Compact COE policy.

Sincerely yours,

Dr. Jagannath Patnaik  
Vice Chancellor
