H.E. António Guterres  
Secretary-General United Nations New York  
NY 10017 USA

H.E. António Guterres,

I am pleased to confirm that Indian Institute of Management Shillong, India, supports the ten principles of the UN Global Compact with respect to human rights, labour, environment and anti-corruption. With this commitment, we express our intent to support the Global Compact advancing these principles, and will make a clear statement of this commitment to our stakeholders and the general public. We also pledge to participate in and engage with the UN Global Compact in the following ways:

1. Incorporating of the Principles in our MBA and another Academic Programmes
2. Promoting research into the specific areas
3. Designing and implementing training programmes and modules for other stake holders such as public functionaries, government departments, non government organisations, academic institutions and corporate houses based on the stated principles.
4. Design and implement specific schemes to promote and implement the principles on the ground.

We recognize that a key requirement for participation in the Global Compact is the submission of a Communication on Engagement (COE) that describes our organization's efforts to support the implementation of the ten principles and to engage with the Global Compact. We support public accountability and transparency, and therefore commit to report on progress within two years of joining the Global Compact and every two years thereafter according to the Global Compact COE policy.

Sincerely yours,

D.P. Goyal
