We also pledge to participate in and engage with the UN Global Compact in the following way(s):
Propose and implement partnerships on corporate sustainability and engage with other stakeholders.
Support UN Global Compact business participants as they implement and report on their sustainability efforts. Engage with Global Compact Local Networks and Join and/or support issue platforms and workstreams.

We recognize that a key requirement for participation in the Global Compact is the submission of a Communication on Engagement (COE) that describes our organization's efforts to support the Implementation of the ten principles and to engage with the Global Compact. We support public accountability and transparency, and therefore commit to report on progress within *two years* of joining the Global Compact and *every two years* thereafter according to the Global Compact COE policy.
