I am pleased to confirm that the Artisans Association of Ghana supports the ten principals of the UN Global Compact with respect to human rights, labor, environment and anti-corruption.

With this commitment, we express our intent to support the Global Compact advancing these principles and will make clear statement of this to our stakeholders and the general public. We also pledge to participate in and engage with the UN Global Compact in the following ways(s):

- Support the UN Global Compact participate as they implement and report on their sustainability.

- Propose and implement partnerships on corporate sustainability and engage with other stakeholders.

We recognize that a key requirement for participation in the Global Compact is the submission of a communication on Engagement (COE) that describes our organization's effort to support the implementation of the ten principles and to engage with the Global Compact.

We support public accountability and transparency and there commit to report on progress within, two years of joining the Global Compact and every two years thereafter according to the Global Compact COE policy
