Dear Mr. Secretary General,

I am pleased to confirm that our Organization "Regional Corporate Social Responsibility SARLAU"" supports the ten principles of the UN Global Compact with respect to human rights, labor, environment and anti-corruption. With this commitment, we express our intent to support the Global Compact implementing these principles. We are committed to making the UN Global Compact and its principles part of the strategy, culture and day-to-day operations of our organization and to engage in collaborative projects which advance the broader development goals of the United Nations, particularly the Sustainable Development Goals. Our organization will make a clear statement of this commitment to its stakeholders and the general public.

We also pledge to participate in and engage with the UN Global Compact by sticking to its principles and aligning our mission in accordance to the principles of UN Global compact and in compliance with the national, regional and international regulations.

We recognize that a key requirement for participation in the Global Compact is the annual submission of Communication on Progress (COP) that describes our organization's efforts to support the implementation of the ten principles and to engage with the Global Compact. We support public accountability and transparency, and therefore commit to report on progress within one year of joining the Global Compact and annually thereafter according to UN Global Compact COP policy. This includes:

- statement signed by the Chairman expressing continued support of the UN Global Compact and renewing our ongoing commitment to the initiative and its principles.
- description of practical actions (i.e. disclosure of any relevant policies, procedures, activities) that the organization has taken (or plans to undertake) to implement the UN Global Compact principles in each of the areas among Ten principles.
- measurement of outcomes (i.e. the degree to which targets / performance indicators were met, or other qualitative or quantitative measurements of results)

Sincerely yours,

Dr. Ali Abdulla H Alibrahim
Chairman
