Dear Mr. Secretary General,

Doc ID: 150044

I am pleased to confirm that the Confederation of Danish Employers supports the ten principles of the UN Global Compact with respect to human rights, labor, environment and anti-corruption. With this commitment, we express our intent to support the Global Compact advancing these principles, and will make a clear statement of this commitment to our stakeholders and the general public.

As a Business and Industry Association we pledge to participate in and engage with the UN Global Compact in the following ways, cf. the types of activities mentioned on your web site:

- Encourage our members to join the UN Global Compact;
- Engage our members in collective action and partnership efforts on key UN goals and issues;
- Advocate the business case for key corporate citizenship issues to policymakers and the public;
- Provide expertise and/or the voice of our members to UN Global Compact working groups and special initiatives;
- Support the development and activities of Global Compact Denmark

We recognize that a key requirement for participation in the Global Compact is the submission of a Communication on Engagement (COE) that describes our organization's efforts to support the implementation of the ten principles and to engage with the Global Compact. We support public accountability and transparency, and therefore commit to report on progress within two years of joining the Global Compact and every two years thereafter according to the Global Compact COE policy.

Yours sincerely,
CONFEDERATION OF DANISH EMPLOYERS
