2. Promote the UN Global Compact Ten Principles and educate a variety of audiences about sustainability.
3. Support UN Global Compact business participants in implementing and reporting on their sustainability efforts.
4. Lend capacity to Global Compact Local Networks and/or the UN Global Compact in New York.
5. By conducting the training programs & workshops
6. Motivating more people in the local and national level by engaging them with the above mentioned goals

We recognize that a key requirement for participation in the Global Compact is the submission of a Communication on Engagement (COE) that describes our organization's efforts to support the implementation of the principles and to engage with the Global Compact. We support public accountability and transparency, and therefore commit to report on progress within two years of joining the Global Compact and every two years thereafter according to the Global Compact COE policy.
