Dear Mr. Secretary General,

I am pleased to confirm that Ivano-Frankivsk Regional State Administration supports the ten principles of the UN Global Compact with respect to human rights, labor, environment and anti-corruption. With this commitment, we express our intent to support the Global Compact advancing these principles, and will make a clear statement of this commitment to our stakeholders and the general public.

We also pledge to participate in and engage with the UN Global Compact in the following way(s):

- Create a dedicated sustainability plan that incorporates the ecological, economic, political and cultural dimensions of the region's sustainability.
- Support businesses and other stakeholders as they implement sustainability initiatives that benefit the city and greater community.
- Encourage businesses and other organizations you interact with to participate in the UN Global Compact.

We recognize that a key requirement for participation in the Global Compact is the submission of a Communication on Engagement (COE) that describes our organization's efforts to support the implementation of the ten principles and to engage with the Global Compact. We support public accountability and transparency, and

therefore commit to report on progress within two years of joining the Global Compact and every two years thereafter according to the Global Compact COE policy.

Sincerely yours,

Denys Shmygal

Head of Ivano-Frankivsk Regional State Administration
