Dear Mr. Secretary General,

Re: Application for membership of the Global Compact Network Tanzania (GCNT)

I am pleased to confirm that **Restless Development in Tanzania** supports the ten principles of the UN Global Compact with respect to human rights, labor, environment and anti-corruption. With this commitment, we express our intent to support the Global Compact advancing these principles, and will make a clear statement of this commitment to our stakeholders and the general public.

We also pledge to participate in and engage with the UN Global Compact in the following way(s):

- Participate in Interviews on Diversity & Inclusion
- Share how we are advancing the SDGs
- Use the Human Rights and Business Learning Tool to Advance our Efforts
- Endorse the Women's Empowerment Principles

We recognize that a key requirement for participation in the Global Compact is the submission of a Communication on Engagement (COE) that describes our organization's efforts to support the implementation of the ten principles and to engage with the Global Compact. We support public accountability and transparency, and therefore commit to report on progress within *two years* of joining the Global Compact and *every two years* thereafter according to the Global Compact COE policy.

With best wishes

Alpha Mukama
Head of Tanzania Hub
