Excellence Mr. Secretary General,

I am pleased to confirm that the **Youth Organization for the European and African Union (YOEAU)** (Organisation des Jeunes pour l'Union européenne et africaine, OJUEA) supports **the ten principles of the United Nations Global Compact** on Human Rights, Labour, the Environment and the Fight against Corruption. With this commitment, we express our intention to support the Global Compact by advancing these principles, and we will make a clear statement of this commitment to our members, stakeholders and the general public.

We are also committed to participating in the United Nations Global Compact and to committing as follows:

- Propose and implement partnerships on corporate sustainability and engage with other stakeholders.
- Support the participants of the United Nations Global Compact in their implementation and report on their sustainability efforts.
- Promote the United Nations Global Compact Ten Principles and educate a variety of audiences on sustainability.
- Supporting the United Nations in anti-poverty programmes.
- Promote the peace and development actions of the partners of the United Nations Global Compact.
- Organize events in conjunction with and in partnership with the United Nations Global Compact.

We recognize that a key requirement for participation in the Global Compact is the submission of a Communication on Engagement (COE) that describes our organization's efforts to support the implementation of the ten principles and to engage with the Global Compact. We support public accountability and transparency, and therefore commit to report on progress *within two years* of joining the Global Compact and *every two years thereafter* according to the Global Compact COE policy.

Honestly, yours,

**The President**
