Dear Mr. Secretary-General,

I am pleased to confirm that Aswar Foundation for Training and Development supports the Ten Principles of the United Nations Global Compact with respect to human rights, labor, environment and anti-corruption. With this commitment, we express our intent to support the Global Compact advancing these principles and will make a clear statement of this commitment to our stakeholders and the general public.

We also pledge to participate in and engage with the UN Global Compact in the following ways: We will incorporate the principles Global Compact advocates into our organization's internal operations. We will promote the Global Compact through the delivery of education on topics related to it. We will also deliver and facilitate seminars, conferences and other social events where we could promote and educate individuals about UN Global Compact's Ten Principles.

We recognize that a key requirement for participation in the UN Global Compact is the submission of a Communication on Engagement (COE) that describes our organization's efforts to support the implementation of the ten principles and to engage with the Global Compact. We support public accountability and transparency, and therefore commit to report on progress within two years of joining the UN Global Compact, and every two years thereafter according to the UN Global Compact COE policy.

Sincerely yours

Faras Bassim Al-Ali  
Executive Manager
