Dear Mr. Secretary General,

Today I have the distinct pleasure of confirming that the International Living Future Institute supports the Ten Principles of the UN Global Compact. With this commitment, we express our intent to support the Global Compact advancing these principles, and will make a statement addressing this both to our stakeholders and the public.

We also pledge to engage with and participate in the UN Global Compact in the following ways:

- Propose and implement partnerships on corporate sustainability and engage with other stakeholders
- Support UN Global Compact Business participants as they implement and report on their sustainability efforts
- Engage with Global Compact Local Networks
- Join and/or support issue platforms and workstreams

We acknowledge that a critical requirement for participation in the Global Compact is the submission of a Communication on Engagement (COE) that describes our organization's efforts to implement the ten principles and engage with the Global Compact. Affirming the importance of public accountability and transparency, we commit to reporting on our progress within two years of joining the Global Compact, and every two years thereafter in accordance with the Global Compact COE Policy.

Sincerely Yours,

Anthony Guerrero
Chairman of the Board, International Living Future Institute
