Dear Mr. Secretary General,

I am pleased to confirm that Cambridge Group of Institutions support ten principles of the UN Global Compact with respect to human rights, labor, environment and anti-corruption. With this commitment, we express our intent to support the Global Compact advancing these principles, and will make a clear statement of this commitment to our stakeholders and the general public.

We also pledge to participate in and engage with the UN Global Compact in the following way(s):

We strongly support Principle 7, 8 and 9. We have integrated service-learning into MBA program where students spend every Saturday in NGO or volunteer for various activities such as awareness campaign of a social cause, painting of walls in government schools, plog run, e-waste management etc. Most of the course project themes focus on SDGs and sustainability. A copy of the event report is attached for your reference. Through these activities, we are creating awareness of UN SDGs amongst students and society at large. In addition to Principle 7,8 and 9, the group of institutions is focussing on other principles and continuously strive hard to deliver quality education and make a positive impact in the society.

We recognize that a key requirement for participation in the Global Compact is the submission of a Communication on Engagement (COE) that describes our organization's efforts to support the implementation of the ten principles and to engage with the Global Compact. We support public accountability and transparency, and therefore commit to report on progress within *two years* of joining the Global Compact and *every two years* thereafter according to the Global Compact COE policy.

Sincerely yours,

Mr. Nithin Mohan
CEO
