

H.E. Antonio Guterres
Secretary-General
United Nations
New York
NY10017 USA

21st February 2020

Dear Mr Secretary-General,

I am pleased to confirm that Morgan Motor Company supports the Ten principles of the United Nations Global Compact on human rights, labour, environment and anti-corruption. With this communication, we express our intent to implement those principles. We are committed to making the UN Global Compact and its principles part of the strategy, culture and day-to-day operations of our company, and to engaging in collaborative projects which advance the broader development goals of the United Nations, particularly the Sustainable Development Goals. Morgan will make a clear statement of this commitment to our stakeholders and the general public.

We recognise that a key requirement for participation in the UN Global Compact is the annual submission of a Communication on Progress (COP) that describes our company's efforts to implement the Ten Principles. We support public accountability and transparency, and therefore commit to report on progress within *one year* of joining the UN Global Compact, and *annually* thereafter according to the UN Global Compact COP policy. This includes:

- A statement signed by the Chief Executive expressing continued support for the UN Global Compact and renewing our ongoing commitment to the initiative and its principles. This is *separate* from our initial letter of commitment to join the UN Global Compact.
- A description of practical actions (i.e. disclosure of any relevant policies, procedures, activities) that the company has taken (or plans to undertake) to implement the UN Global Compact principles in each of the four issue areas (human rights, labour, environment, anti-corruption).
- A measurement of outcomes (i.e. the degree to which targets/performance indicators were met, or other qualitative or quantitative measurements of results).

For 110 years the Morgan Motor Company has been coach building sports cars in the beautiful spa town of Malvern. Morgan cars are famous the world over for their unique blend of charisma, quality materials, craftsmanship and performance.

All Morgan cars are coach built. One of the brands strongest selling points is the care taken in the manufacture of each car; leading design capability, an extensive array of luxurious materials and the latest drivetrain technologies combine to create an unparalleled driving experience.

MORGAN MOTOR COMPANY LIMITED
