Dear Mr. Secretary General,

I am pleased to confirm that Cosenza Chamber of Commerce Industry, Handicraft and Agriculture supports the ten principles of the UN Global Compact with respect to human rights, labor, environment and anti-corruption.

With this commitment through our actions named #ModelloCameraCosenza, we express our intent to support the Global Compact advancing these principles, and will make a clear statement of this commitment to our stakeholders and the general public.

We also pledge to participate in and engage with the UN Global Compact in the following way(s): to

- Implement the UN Global Compact's Ten Principles through our strategy and operations.
- Encourage businesses and other stakeholders (other institutions, trade unions and professional association) to participate in the UN Global Compact.
- Participate according to our possibility and availability to the Italian Network, to its collective actions and to attend at least one of the its annual events

We recognize that a key requirement for participation in the Global Compact is the submission of a Communication on Engagement (COE) that describes our organization's efforts to support the implementation of the ten principles and to engage with the Global Compact. We support public accountability and transparency, and therefore commit to report on progress within *two years* of joining the Global Compact and *every two years* thereafter according to the Global Compact COE policy.

Sincerely yours,

Klaus Algieri
President
