Dear Mr. Secretary General,

I am pleased to confirm that *Asosiasi Platform Limbah Indonesia* - Indonesian Waste Platform supports the ten principles of the UN Global Compact with respect to human rights, labor, environment and anti-corruption. With this commitment, we express our intent to support the Global Compact advancing these principles, and will make a clear statement of this commitment to our stakeholders and the general public.

We also pledge to participate in and engage with the UN Global Compact in the following ways: engage the Indonesian stakeholders who are connected in our platform in the ten principles of the UN Global Compact through capacity building efforts, news and knowledge sharing and remain in close contact with Mr. Junardy and Ms. Josephine Satyono, at Global Compact Network Indonesia, who are both advisors at Indonesian Waste Platform. (<http://www.indonesianwaste.org/en/advisors/> )

We recognize that a key requirement for participation in the Global Compact is the submission of a Communication on Engagement (COE) that describes our organization's efforts to support the implementation of the ten principles and to engage with the Global Compact. We support public accountability and transparency, and therefore commit to report on progress within two years of joining the Global Compact and every two years thereafter according to the Global Compact COE policy.

Sincerely yours,

  
Martha Muslin  
Director
