Dear Mr. Secretary –General,

I am pleased to confirm that Oraib private limited supports the Ten Principles United Nations Global Compact on human rights, human rights, labor, environment and anti –corruption. With this communication we express our intent to implement those principles we are committed to making the UN Global Compact and its principles part of this strategy culture and day-to-day operations of our company, and to engaging in collaborated projects which advance the broader development goals of the United Nations, particularly the Sustainable Development Goals. Oraib PVT Ltd will make a clear statement of this commitment to our stake holders and the General public.

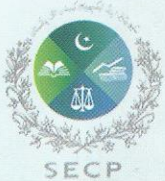

We recognized that a key requirement for participation in the UN Global Compact is the annual submission of a communication on progress (COP) that describes our companies efforts to implement the 10 principles we support public accountability and transparency, and therefore commit to report on progress within one year of joining the UN Global Compact, and annually thereafter according to the UN Global Compact COP policy. This includes:

1. A statement signed by the chief executive Mr. Kamran Nisar expressing continue support for the UN Global Compact and renewing our ongoing commitment to the initiative and its principles. This is separate from our initial letter of commitment to join the UN Global Compact.
2. A description of practical actions (i.e., disclosure of any relevant policies, procedures, activities) that the company has taken (or plans to undertake) to implement the UN Global Compact principles in each of the four issue areas (human rights, labor, environment, anti-corruption).
3. A measurement of outcomes (I.e., the degree to which targets/performance indicators were met, or other qualitative or quantitative measurements of results).

Sincerely yours,

Mr. Kamran Nisar
