Dear Mr. Secretary General,

I am pleased to confirm that Global Foundation for Advancement of Environment and Human Wellness supports the ten principles of the UN Global Compact with respect to human rights, labor, environment and anti-corruption. With this commitment, we express our intent to support the Global Compact advancing these principles, and will make a clear statement of this commitment to our stakeholders and the general public.

We also pledge to participate in and engage with the UN Global Compact in the following ways namely:

- a) Work alongside UNGC India
- b) to engage with the members companies and stakeholders on subjects of mutual interest particularly on environment and sustainability issues,
- c) Work on training and capacity development programmes,
- d) Disseminate knowledge through applied research,
- e) Bring out white papers on sustainability jointly with UNGC India.

We recognize that a key requirement for participation in the Global Compact is the submission of a Communication on Engagement (COE) that describes our organization's efforts to support the implementation of the ten principles and to engage with the Global Compact. We support public accountability and transparency, and therefore commit to report on progress within two years of joining the Global Compact and every two years thereafter according to the Global Compact COE policy.

Sincerely yours,
