Subject: Commitment Letter for Non-Business Organizations

Dear Mr. Secretary General,

I am pleased to confirm that the Roads and Transport Authority of Dubai supports the ten principles of the UN Global Compact with respect to human rights, labor, environment and anti-corruption. With this commitment, we express our intent to support the Global Compact advancing these principles, and will make a clear statement of this commitment to our stakeholders and the public.

We also pledge to participate in and engage with the UN Global Compact in the following way(s): make the Global Compact and its principles part of our strategy, support businesses and other stakeholders as they implement sustainability initiatives that benefit the city and greater community, and engage with Global Compact UAE Local Network.

We recognize that a key requirement for participation in the Global Compact is the submission of a Communication on Engagement (COE) that describes our organization's efforts to support the implementation of the ten principles and to engage with the Global Compact. We support public accountability and transparency, and therefore commit to report on progress within two years of joining the Global Compact and every two years thereafter according to the Global Compact COE policy.

Sincerely yours,

Mattar Al Tayer
Director General, Chairman of the Board of Executive Directors
