Dear Mr. Secretary-General:

I am pleased to confirm that Cargill supports the Ten Principles of the United Nations Global Compact on human rights, labour, environment and anti-corruption. With this communication, we express our intent to implement those principles.

We are committed to making the UN Global Compact and its principles part of the strategy, culture and day-to-day operations of our company, and to continue engaging in collaborative projects which advance the broader development goals of the United Nations, particularly the Sustainable Development Goals.

We recognize that a key requirement for participation in the UN Global Compact is the annual submission of a Communication on Progress (COP) that describes our company's efforts to implement the Ten Principles.

We support public accountability and transparency, and therefore commit to report on progress within one year of joining the UN Global Compact, and annually thereafter according to the UN Global Compact COP policy. This shall include:

- A signed statement expressing continued support for the UN Global Compact and renewing our ongoing commitment to the initiative and its principles.
- A description of practical actions that the company has taken (or plans to undertake) to implement the UN Global Compact principles in each of the four issue areas.
- A measurement of outcomes.

We look forward to working together.

Sincerely,

A handwritten signature in black ink that reads "David W. MacLennan". The signature is fluid and cursive, with the first letters of each word being capitalized and prominent.
