**Letter of commitment and application for UN Global Compact**

Dear Mr Secretary-General

I am pleased to confirm that Junckers Industrier A/S supports the ten principles of the Global Compact with respect to human rights, labour, environment and anti-corruption.

With this communication, we express our intent to advance those principles within the sphere of influence. We are committed to making the Global Compact and its principles part of the strategy, culture and day-to-day operations of our company in order to enhance the objectives of the United Nations. Junckers Industrier will make a clear statement of this commitment to our stakeholders and the general public.

We recognise that a key requirement for participation in the Global Compact is the annual submission of a Communication on Progress (COP) that describes our company's efforts to implement the ten principles. We support public accountability and transparency, and therefore commit to report on progress within one year of joining the Global Compact, and annually thereafter according to the Global Compact COP policy.

Sincerely yours

**Junckers Industrier A/S**
