Dear Mr. Secretary General,

I am pleased to confirm that **High Performance Learning Services Ltd (HPL)** supports the ten principles of the UN Global Compact with respect to human rights, labour, environment, and anti-corruption.

With this commitment, we express our intent to support the Global Compact advancing these principles and will make a clear statement of this commitment to our stakeholders and the general public.

We pledge to participate in and engage with the UN Global Compact with a specific focus on educational improvement. In embracing the ten principles of the UN Global Compact, HPL has a specific remit to support **Sustainable Development Goal 4 (SDG4)**. It aims to “ensure inclusive and equitable quality **education** and promote lifelong learning opportunities for all” by doing the following:

- Promoting high performance in education for all students, not just an advantaged few.
- Developing values, attitudes and attributes in students that underpin learning and support societal success.
- Improving student wellbeing and self-esteem

WINGRAVE, BUCKINGHAMSHIRE, UNITED KINGDOM, HP22 4LW

Students who are educated in schools committed to the High Performance Learning philosophy and approach not only achieve higher academic results, but they also develop the characteristics of high performance that enable them to succeed in life.

We will achieve these goals in the following ways:

- Conducting ongoing academic research on the impact of HPL on student outcomes: their educational attainment, wellbeing, self-esteem, and ability to shape the world we live in.
- Establishing the HPL Charitable Foundation to enable access to our programmes for schools that support disadvantaged children.
- Developing the teaching profession through a progressive movement of senior educators and lead teachers committed to the values of HPL and the impact on children.

We recognize that a key requirement for participation in the Global Compact is the submission of a Communication on Engagement (COE) that describes our organization's efforts to support the implementation of the ten principles and to engage with the Global Compact.

We support public accountability and transparency, and commit to report on progress within two years of joining the Global Compact and every two years thereafter according to the Global Compact COE policy.

Yours sincerely

SIMON O'GRADY
