Dear Mr. Secretary General,

I am pleased to confirm that Sinal do Vale supports the ten principles of the UN Global Compact with respect to human rights, labor, environment and anti-corruption. With this commitment, we express our intent to support the Global Compact advancing these principles and will make a clear statement of this commitment to our stakeholders and the general public.

Sinal do vale commits to propose partnerships on corporate sustainability and engagement with other stakeholders and the global compact local networks. We support UN Global Compact business participants as they implement and report on their sustainability efforts and we commit to join and support issue platforms and workstreams.

We recognize that a key requirement for participation in the Global Compact is the submission of a Communication on Engagement (COE) that describes our organization's efforts to support the implementation of the ten principles and to engage with the Global Compact. We support public accountability and transparency, and therefore commit to report on progress within two years of joining the Global Compact and every two years thereafter according to the Global Compact COE policy. 95047

Sincerely yours,

Thais Corral
Director and Founder of Instituto Sinal do Vale
