Dear Mr Secretary-General,

We are pleased to confirm that Certum Global Policy Advisors supports the Ten Principles of the UN Global Compact with respect to human rights, labour, environment, and anti-corruption. We express our intent to support the Global Compact advancing these principles, and we will make a clear statement of this commitments to our stakeholders and the general public.

We recognise that a key requirement for participation in the Global Compact is the submission of a Communication on Progress (COP) that describes our company's efforts to implement the Ten principles. We support public accountability and transparency, and therefore commit to report on progress within one year of joining and every year thereafter according to the Global Compact COP policy. This includes:

- A statement signed expressing continued support for the Global Compact and renewing our ongoing commitment to the initiative and its principles.
- A description of practical actions (i.e., disclosure of any relevant policies, procedures, activities) that the company has taken (or plans to undertake) to implement the UN Global Compact principles in each of the four issue areas (human rights, labour, environment, anti-corruption).
- A measurement of outcomes (i.e.: the degree to which targets/performance indicators were met, or other qualitative or quantitative measurements of results).

Yours sincerely,
