H.E. António Guterres  
Secretary-General  
United Nations  
New York, NY 10017 USA

Dear Mr. Secretary-General,

I am pleased to confirm that AptarGroup Inc. (Aptar) supports the Ten Principles of the United Nations Global Compact on human rights, labor, environment and anti-corruption. With this communication, we express our intent to implement these principles. We are committed to making the principles part of the strategy, culture and operations of our company, and will work to engage on collaborative projects to advance the broader development of the goals of the United Nations, particularly the Sustainable Development Goals.

As a global company, Aptar is committed to reducing our impact on the planet while creating quality, products. Aptar's greatest impact on social well-being undoubtedly comes through the benefits our products and solutions provide to millions of consumers and patients every day. In small and very meaningful ways, Aptar's products and solutions transform and enhance everyday user experiences around the world and in some cases, even save lives. Through efforts as a member company of the World Business Council of Sustainable Development and our commitments to create a more circular and sustainable world, we commit to upholding the principles and deepening our efforts in these areas. We will make a clear statement of this commitment and share our involvement with our key stakeholders.

We recognize that a key requirement for participation in the UN Global Compact is the annual submission of a Communication on Progress (COP) that describes our company's efforts to implement the Ten Principles. We pledge to report on this commitment by May 2021 and annually thereafter according to the UN Global Compact COP policy within our annual corporate sustainability report. This includes:

- A statement signed by myself expressing Aptar's continued support for the UN Global Compact and renewing our ongoing commitment to the initiative and its principles, separate from our initial letter of commitment to join the UN Global Compact.
- A description of practical actions that Aptar has taken (or plans to undertake) to implement the UN Global Compact principles in each of the four issue areas (human rights, labor, environment, anti-corruption) as well as a measurement of the outcomes of our related targets and metrics.

We look forward to engaging with the United Nations on this important commitment.

Sincerely,
