Dear Mr. Secretary General,

I am pleased to confirm that AIESEC in Switzerland supports the ten principles of the UN Global Compact with respect to human rights, labor, environment and anti-corruption. With this commitment, we express our intent to support the Global Compact advancing these principles, and will make a clear statement of this commitment to our stakeholders and the general public.

AIESEC is the world's largest youth-led organization. Our vision is to achieve peace and fulfilment of humankind's potential since 1948. We strive to achieve this vision by developing youth leadership through international exchange experiences.

We also pledge to participate in and engage with the UN Global Compact in the following way(s):

We as AIESEC in Switzerland wish to engage and learn from the UN Global Compact Network expertise through participating in their events. Furthermore, our organization as a mutual interest to support and achieve the Sustainable Development Goals with the engagement of corporate organization and the Global compact network provides the perfect platform for that.

We recognize that a key requirement for participation in the Global Compact is the submission of a Communication on Engagement (COE) that describes our organization's efforts to support the implementation of the ten principles and to engage with the Global Compact. We support public accountability and transparency, and therefore commit to report on progress within *two years* of joining the Global Compact and *every two years* thereafter according to the Global Compact COE policy.

Sincerely yours,
