Dear Mr. Secretary General,

I am pleased to confirm that **Mrida Heart 'N Soil Foundation** supports the Ten Principles of the United Nations Global Compact with respect to human rights, labour, environment and anti-corruption. With this commitment, we express our intent to implement those principles. We are committed to making the UN Global Compact and its principles part of the strategy, culture and day-to-day operations of our company, and to engaging in collaborative projects which advance the broader development goals of the United Nations, particularly the Sustainable Development Goals. **Mrida Heart 'N Soil Foundation** will make a clear statement of this commitment to our stakeholders and the public.

We also pledge to participate in and engage with the UN Global Compact in the following way(s) :

- a) Seek out and establish partnerships and collaborations based on sustainability and a commitment to the SDG's and the Ten Principles of the UNGC
- b) Actively engage with the Global Compact Local Networks
- c) Endorsing issue platforms and workstreams geared towards the realization of the SDG's and Ten Principles of the UN Global Compact
- d) Creating awareness about and promoting the UN Global Compact's Ten Principles to our clients, partners, stakeholder and other audiences

We recognize that a key requirement for participation in the Global Compact is the submission of a Communication on Engagement (COE) that describes our organization's efforts to support the implementation of the Ten Principles and to engage with the Global Compact. We support public accountability and transparency, and therefore commit to report on progress within two years of joining the Global Compact and every two years thereafter according to the Global Compact COE policy.

Sincerely yours,

Arunkumar Raghbirlal Nagpal
