Our ref: [ADAN_Letter to UN Secretary General_Final.docx](#)

30th June 2020

H.E. António Guterres
Secretary-General
United Nations
New York, NY 10017
USA

Dear Mr. Secretary-General,

Adansonia Pty Ltd seeking approval to be a signatory of the UN Global Compact

Adansonia Pty Ltd (“Adansonia”) is a sustainability-focused enterprise recently formed by two resource and finance executives in Perth, Western Australia. Through our collective experience in large international industries, we recognise that the way companies do business has to change, and that companies need to become better global corporate citizens and incorporate the principles of the UN Global Compact and Sustainable Development Goals (SDGs) into their businesses.

I am pleased to confirm that Adansonia supports the Ten Principles of the United Nations Global Compact on human rights, labour, environment and anti-corruption. With this communication, we express our intent to implement those principles. We are committed to making the UN Global Compact and its principles part of the strategy, culture and day-to-day operations of our company, and to engaging in collaborative projects which advance the broader development goals of the United Nations, particularly the Sustainable Development Goals. Adansonia will make a clear statement of this commitment to our stakeholders and the general public.

We recognize that a key requirement for participation in the UN Global Compact is the annual submission of a Communication on Progress (COP) that describes our company’s efforts to implement the Ten Principles. We support public accountability and transparency, and therefore commit to report on progress within one year of joining the UN Global Compact, and annually thereafter according to the UN Global Compact COP policy. This includes:

- A statement signed by the chief executive expressing continued support for the UN Global Compact and renewing our ongoing commitment to the initiative and its principles. This is separate from our initial letter of commitment to join the UN Global Compact.
- A description of practical actions (i.e., disclosure of any relevant policies, procedures, activities) that the company has taken (or plans to undertake) to implement the UN Global Compact principles in each of the four issue areas (human rights, labour, environment, anti-corruption).
- A measurement of outcomes (i.e., the degree to which targets/performance indicators were met, or other qualitative or quantitative measurements of results).

We thank you for your consideration and eagerly await your response.

Yours sincerely
