

EDMOND  
DE ROTHSCHILD

H.E. Ban Ki-moon  
Secretary-General  
United Nations  
New York, NY 10017  
USA

Geneva, September 2015

Dear Mr. Secretary-General,

I am pleased to confirm that the Edmond de Rothschild Group supports the ten principles of the Global Compact on human rights, labour, environment and anti-corruption. Since 2011, Edmond de Rothschild (France) – previously La Compagnie Financière Edmond de Rothschild – has been a signatory of the Global Compact and has published an annual Communication on Progress. With this communication, we express our intent to implement those principles at the level of the Group Edmond de Rothschild as a whole.

We are committed to making the Global Compact and its principles part of the strategy, culture and day-to-day operations of our company, and to engaging in collaborative projects which advance the broader development goals of the United Nations, particularly the Millennium Development Goals. The Edmond de Rothschild Group will make a clear statement of this commitment to our stakeholders and the general public.

We recognize that a key requirement for participation in the Global Compact is the annual submission of a Communication on Progress (COP) that describes our company's efforts to implement the ten principles. We support public accountability and transparency, and therefore commit to report on progress within *one year* of joining the Global Compact, and *annually* thereafter according to the Global Compact COP policy.

This includes:

- A statement signed by the chief executive expressing continued support for the Global Compact and renewing our ongoing commitment to the initiative and its principles. This is *separate* from our initial letter of commitment to join the Global Compact.
- A description of practical actions (i.e., disclosure of any relevant policies, procedures, activities) that the company has taken (or plans to undertake) to implement the Global Compact principles in each of the four issue areas (human rights, labour, environment, anti-corruption).
- A measurement of outcomes (i.e., the degree to which targets/performance indicators were met, or other qualitative or quantitative measurements of results).

Sincerely yours,

Ariane de Rothschild

President of the Edmond de Rothschild Group Executive Committee
