We also pledge to participate in and engage with the UN Global Compact in the following way(s):

- (i) Conduct applied research, working for gender equality by providing better work opportunity, education to girls and drop out students, and good health by organizing medical camps and working for Zero hunger by promoting and providing micro entrepreneurship and thought leadership to advance best practices.
- (ii) Promote the UN Global Compact Ten Principles and educate a variety of audiences about sustainability.
- (iii) Support UN Global Compact business participants in implementing and reporting on their sustainability efforts.

We recognize that a key requirement for participation in the Global Compact is the submission of a Communication on Engagement (COE) that describes our organization's efforts to support the implementation of the ten principles and to engage with the Global Compact. We support public accountability and transparency, and therefore commit to report on progress within *two years* of joining the Global Compact and *every two years* thereafter according to the Global Compact COE policy.
