Dear Mr Secretary-General

I am pleased to confirm that St. James's Place Wealth Management supports the Ten Principles of the United Nations Global Compact. We believe that corporate sustainability starts with a company's value system and by becoming a member, we are expressing our intent to implement these principles. We are committed to making the principles part of our strategy, culture and operations and incorporating the Sustainable Development Goals into our wider business approach. St. James's Place Wealth Management will make a clear statement of this commitment to both our stakeholders and the general public.

We recognise that a requirement for participation in the UN Global Compact is the annual submission of a Communication on Progress report that describes our company's efforts to implement the Ten Principles. We support public accountability and transparency, and therefore commit to report on progress within one year of joining the UN Global Compact, and annually thereafter. This includes:

- A statement signed by me, the Chief Executive Officer, expressing continued support for the UN Global Compact and renewing our ongoing commitment to the initiative and its principles.
- A description of practical actions (i.e., disclosure of any relevant policies, procedures, activities) that the company has taken or will undertake to implement the UN Global Compact Ten Principles.
- A measurement of outcomes (i.e., the degree to which targets/performance indicators were met, or other qualitative or quantitative measurements of results).

We look forward to becoming part of the world's largest corporate sustainability initiative.

Yours sincerely

Andrew Croft
Chief Executive Officer
