

Sept 30th, 2020

H.E. António Guterres
Secretary-General
United Nations
New York, NY 10017
USA

Dear Mr. Secretary General,

I am pleased to confirm that iamtheCODE supports the ten principles of the UN Global Compact with respect to human rights, labour, environment and anti-corruption. With this commitment, we express our intent to support the Global Compact advancing these principles and will make a clear statement of this commitment to our stakeholders and the general public.

We also pledge to participate in and engage with the UN Global Compact in the following way(s):

- **iamtheCODE is the first African-led global movement to mobilise government, private sector, and philanthropic foundations to advance STEAMD (Science, Technology, Engineering, Arts, Mathematics and Design) Education. Its Goal is to mobilise governments, philanthropic foundations, civil society and the private sector to invest in future technologies that can drive sustainable development. It aims to Enable 1 Million women and girls coders worldwide by 2030.**

A fundamental pillar of iamtheCODE's work revolves around the empowerment of women across the world, a key goal of the SDGs. Their mission is to build a generation of one million women and girl coders by 2030, measuring the indicators of the Global Goals and tracking progress.

We recognize that a key requirement for participation in the Global Compact is the submission of a Communication on Engagement (COE) that describes our organization's efforts to support the implementation of the ten principles and to engage with the Global Compact.

We support public accountability and transparency, and therefore commit to report on progress within two years of joining the Global Compact and every two years thereafter according to the Global Compact COE policy.

Sincerely yours,

Marième Jamme
Founder and CEO
