June 10th 2011

Dear Mr. Secretary-General,

I am pleased to confirm that the Danish apparel company **POMPdeLUX A/S** supports the ten principles of the Global Compact in respect to human rights, labour rights, the protection of the environment and anti-corruption.

With this communication, we express our intent to support and advance those principles within our sphere of influence. We are committed to making the Global Compact and its principles part of the strategy, culture and day-to-day operations of our company and undertake to make a clear statement of this commitment - both to our employees, partners, and to the public. We will engage in collaborative projects which advance the broader development goals of the United Nations, particularly the Millennium Development Goals.

POMPdeLUX A/S supports public accountability and transparency and will make a clear statement of this commitment to our stakeholders and the general public.

We recognize that a key requirement for participation in the Global Compact is the annual submission of a Communication on Progress (COP) that describes our company's efforts to implement the ten principles. We support public accountability and transparency, and therefore commit to report on progress within one year of joining the Global Compact, and annually thereafter according to the Global Compact COP policy.

Sincerely yours,

16/6/2011
