Dear Mr. Secretary General,

I am pleased to confirm that Sekolah Tinggi Ilmu Kesehatan Widya Cipta Husada Malang (STIKes WCH Malang) supports the ten principles of the UN Global Compact with respect to human rights, labor, environment and anti-corruption. With this commitment, we express our intent to support the Global Compact advancing these principles, and will make a clear statement of this commitment to our stakeholders and the general public.

We also pledge to participate in and engage with the UN Global Compact in the following ways. Actively contribute to promote the ten principles of the UN Global Compact and SDGs and educate a variety of audiences about SDGs through the implementation tridharma of higher education, namely education, community service, and research through creative, innovative and productive activities that have a broad "impact" on society.

We recognize that a key requirement for participation in the Global Compact is the submission of a Communication on Engagement (COE) that describes our organization's efforts to support the implementation of the ten principles and to engage with the Global Compact. We support public accountability and transparency, and therefore commit to report on progress within *two years* of joining the Global Compact and *every two years* thereafter according to the Global Compact COE policy.

Sincerely yours,
