Dear Mr. Secretary General,

I am pleased to confirm that Fuxi Institution (NGO) supports the ten principles of the UN Global Compact with respect to human rights, labor, environment and anti-corruption. With this commitment, we express our intent to support the Global Compact advancing these principles, and will make a clear statement of this commitment to our stakeholders and the general public.

We also pledge to participate in and engage with the UN Global Compact in the following ways:

- Conduct applied research and thought leadership to advance best practices;
- Promote the UN Global Compact Ten Principles and educate a variety of audiences about sustainability;
- Join the Principles for Responsible Management Education (PRME) for more information;
- Organize learning and dialogue events, workshops and training for your members on the UN Global Compact and specific topics relevant to corporate sustainability;
- Provide expertise and/or the voice of our partners, members and experts to UN Global Compact working groups and special initiatives;
- Support and engage with the development and activities of a Global Compact Local Network;
- Join and/or support issue platforms and workstreams.

We recognize that a key requirement for participation in the Global Compact is the submission of a Communication on Engagement (COE) that describes our organization's efforts to support the implementation of the ten principles and to engage with the Global Compact. We support public accountability and transparency, and therefore commit to report on progress within two years of joining the Global Compact and every two years thereafter according to the Global Compact COE policy.

Sincerely yours,

Xiaodong Lee
