December 15, 2020

Dear Mr. Secretary-General,

I am pleased to confirm that Nomad Royalty Company Ltd. ("Nomad") supports the Ten Principles of the United Nations Global Compact and that we will align our operations and strategy with these principles in the areas of human rights, labour, environmental protection and anti-corruption. Nomad’s short-term focus will be on four Sustainable Development Goals ("SDGs"): Quality Education; Gender Equality; Clean Water & Sanitation and Climate Action. We have made a clear statement of this commitment to our stakeholders and the general public in our December 2020 Press Release.

Nomad recognizes that a key requirement for participation in the UN Global Compact is the annual submission of a Communication on Progress ("COP") that describes our company’s efforts to implement the Ten Principles. We support public accountability and transparency, and therefore commit to report on progress within one year of joining the UN Global Compact, and annually thereafter according to the UN Global Compact COP policy.

Nomad’s annual Sustainable Development Reporting will include:

- A statement signed by the chief executive expressing continued support for the UN Global Compact and renewing our ongoing commitment to the initiative and its principles. This is separate from our initial letter of commitment to join the UN Global Compact.

- A description of practical actions (i.e., disclosure of any relevant policies, procedures, activities) that the company has taken (or plans to undertake) to implement the UN Global Compact principles in each of the four issue areas (human rights, labour, environment, anti-corruption).

- A measurement of outcomes (i.e., the degree to which targets/performance indicators were met, or other qualitative or quantitative measurements of results)

Sincerely yours,

Vincent Metcalfe, CEO
