FINDEL EDUCATION

The choice for educational resources

H.E Ban Ki-Moon
Secretary-General
United Nations
New York, NY 10017
USA

28 June 2011

Dear Mr. Secretary-General,

I am pleased to confirm that Findel Education supports the ten principles of the Global Compact with respect to human rights, labour, environment and anti-corruption.

With this communication, we express our intent to advance those principles within our sphere of influence. We are committed to making the Global Compact and its principles part of the strategy, culture and day to day operations of our company, and to engaging in collaborative projects which advance the broader development goals of the United Nations, in particular the Millennium Development Goals. Given our business sphere of influence we have a particular interest in MDG 2: Achieve Universal Primary Education. Findel Education will make a clear statement of this commitment to our stakeholders and the general public on our website and company newsletter.

We recognise that a key requirement for participation in the Global Compact is the annual submission of a Communication on Progress (COP) that describes our company's efforts to implement the ten principles. We support public accountability and transparency, and therefore commit to report on progress within one year of joining the Global Compact and annually thereafter according to the Global Compact COP policy.

Yours sincerely,

Tony Hillyer
Managing Director
Findel Education
