-PRESENT-

Dear Mr. Secretary-General,

I am pleased to confirm that Universidad de Monterrey (UDEM) supports the ten principles of the UN Global Compact with respect to human rights, labour, environment, and anti-corruption.

Universidad de Monterrey stands out as model of liberal arts education. We believe that education does not only consist of the acquisition of knowledge, but should also seek the comprehensive and holistic development of the human being. We can confidently assure that UDEM forms excellent professionals, extraordinary people.

As an educational community of catholic inspiration, UDEM prepares students so they can cope with the various areas of life and find significance in serving others. We want to give our students a global vision of the world.

With this commitment, we express our intent to advance the ten principles of the UN Global Compact within our sphere of influence, and will make a clear statement of this commitment to our stakeholders and the general public.

We also pledge to take part in the activities of the UN Global Compact where appropriate and feasible – through, for instance, participation in national and local networks; involvement in specialized initiatives and work streams; engagement in partnership projects; and reviewing and providing commentary to participating companies on their communications on progress.

Sincerely yours,

Antonio José Dieck Assad, Ph.D.  
President
