Dear Mr. Secretary General,

It gives me great pleasure to declare that Forum for the Development of Young People (Sierra Leone) supports the ten principles of the United Nations Global Compact which includes Human Right, Labor, environment, Education, and Anti-Corruption. With this declaration, we maintain our intention to propound these principles within our areas of operation which will compel our partners and stakeholders to become aware of its existence and work towards achieving it.

We further agree to fully participate in the activities of the UN Global Compact where appropriate and feasible- through active services in Country/Local Networks; involvement in specialized initiatives and work streams, engagement in partnership projects; and reviewing and providing commentary to participating companies on their communications on progress.

Sincerely Yours,

Moinina
