I am pleased to confirm that Fercon Sp. z o.o. supports the ten principles of the Global Compact with respect to human rights, labour, environment and anticorruption.

With this communication, we express our will to advance those principles within our sphere of influence. We are committed to making the Global Compact and its principles the part of the strategy, culture and everyday operations of our company, and to engaging in collaborative projects which advance the broader development goals of the United Nations, particularly the Millennium Development Goals. Fercon Sp. z o.o. Will make a clear statement of this commitment to the general public as well.

We recognize that a key requirement for participation in the Global Compact is the annual submission of Communication on Progress (COP) that describes our company's efforts to implement the ten principles. We support public accountability and transparency, and therefore commit to report on progress within one year joining the Global Compact, and annually thereafter according to the Global Compact COP policy.

Sincerely yours,

Gregor Schefczyk,
